Enter a Subcontract in eRPM

This procedure details the process of adding a subcontract (SUBK) to a project.

I. PAF: indicating that a project will include a subcontract
II. Subcontract Worksheet: Adding a subcontract
III. PAF Workspace: Using the Subcontracts tab to enter subcontract details (post-award)
IV. Subcontract Workspace: Submitting a subcontract and Responding to Requested Changes

Variations: Requesting a SUBK for PHS Projects, Awarded Projects, and previously submitted PAFs, and requesting a SUBK Closeout.

V. Requesting a SUBK for PHS Projects: Uploading Conflict of Interest (COI) Documents
VI. Requesting a New SUBK for an Awarded Project (This variation also applies to PAFs submitted to the sponsor prior to 8/13/2012).
VII. Requesting a SUBK Closeout.

Important Information

A subcontract (SUBK) may also be referred to as a sub-award, sub-grant, consortium agreement or sub-agreement. It is not a “subaccount,” where a project award is allocated to multiple UM departments.

There are multiple ways to search for and select a subcontracting organization in eRPM. The main method is outlined in the procedure. View the Tips section for additional options.

I. Indicating a Subcontract in the PAF

PAF - Section 2 People: question 2.2

1. Click Yes if the project will include a subcontract(s).

Note: A “yes” answer enables the Subcontracts page in section 3 Budgets.

PAF - Section 3 Budgets

2. Click Add New Subcontract.

Note: The Subcontract form opens.
II. Add New Subcontract

Add New Subcontract Window

3. Start typing the name of the external organization in the Name of Subcontract Organization field.

   Note: Matching values automatically appear.

4. Select the applicable Vendor Name from the list.

Add New Subcontract Window

5. Click OK.

   Note: The Subcontract Worksheet opens.
If you need help (e.g., definitions, format guidelines, etc.) completing the SUBK fields, click the field heading (e.g., Subcontract Title) to view online help in a pop-up window. Note: the screenshots below do not show the underlined field headings.

**Subcontract Worksheet - Introduction**

6. Verify or update the **Subcontract Title**.

   **Note:** The title defaults from the PAF title.

7. (Optional) Enter the **Total Subcontract Costs**.

8. Click **Add** to enter Subcontract Investigator information.

**Subcontract Investigators section**

9. Enter **First Name** and **Last Name** of the subcontract investigator.

10. Select the Investigator’s **Role** from the drop-down menu.

11. (Optional) Enter the Investigator’s contact information in the **Phone** and **Email** fields.

12. Click the applicable radio button to indicate if the Investigator is the **SUBK Contact PI**.

   **Note:** This information is available on the Letter of Commitment or other subcontract documentation.

13. Click **OK**.
Subcontract Worksheet - Introduction

14. Click Add to enter Subcontract Contact information.

Subcontract Contact Information section

15. Enter the Name of the subcontract Contact.
16. Select the Role of the contact.
17. Enter the contact information:
   - Address
   - Email
   - Phone

Note: At least one Administrative Contact must be entered at this stage. OCA requires both an Administrative Contact and an Institutional/Sponsored Programs Office Official be entered when the SUBK is submitted.

18. Click OK.

Subcontract Worksheet - Introduction

19. Click Add to attach documents (e.g., Letter of Commitment) or enter Notes to provide intent/commitment information.

Note: The Letter of Commitment template is on the ORSP website (link provided). Use this template when the PAF with which the subcontract is associated is for a PHS funding opportunity (direct or prime), or for a sponsor following the PHS financial conflict of interest regulation.
20. **Browse** for and select the applicable document (completed by the subcontractor).

21. Select the applicable **Type**.

22. Click **OK**.

23. Click **Continue** to move to the next page in the worksheet (not shown).

24. Click **Finish**.

**Note:**
- The system returns you to the PAF Worksheet.
- Once the PAF is submitted and awarded, additional sections of the SUBK Worksheet become available.
- Use eRPM to enter subcontract details and submit the request.

### III. Subcontracts Tab

After the PAF is **awarded**, use eRPM to:

- Enter the subcontract details (e.g., budget, etc.) needed for the Office of Contract Administration (OCA) to create the vendor contract
- Execute Activities (e.g., Submit Subcontract Request)

1. Locate and open the applicable PAF (not shown).

2. Click the **Subcontracts** tab in the PAF Workspace.

3. Click the **Name** of the subcontract to open the SUBK Workspace.
4. Click **Edit SUBK Worksheet.**

**Note:** SUBK must be in Pre-Submission State.

5. If applicable, update the **Introduction** information (e.g., Investigator, Contact, etc.). See the [Add a New Subcontract](http://eresearch.umich.edu) section for instructions.

6. Click **Continue** or use the **Jump To** menu to go to Subcontract Details.
Subcontract Worksheet – Subcontract Details

7. Complete the required details, including:
   - **Subcontract Budget Start and End Dates**
   - **Subcontract Project Period Start and End Dates**
   - **Subcontract Estimated Award**
   - **Cost Sharing**
   - **Project Grant**
   - **Subcontract Goals**

   **Federal Contract funding**

   **Notes:**
   - Matching values automatically appear when entering a Project Grant. Select the applicable value from the list. See **Tips** for alternate search methods.
   - Project Grant is either the PGN for the parent project or, if established by Sponsored Programs, for the subcontract itself.

8. If applicable, enter **Sole Source Justification** information.

   **Note:** You can either enter the information here or upload documentation on the next page.

9. Click **Continue** to go to the Subcontract Additional Details page (not shown).

Subcontract Additional Details Page

10. Indicate **Clinical Trial** inclusion.

    **Note:** If you answer Yes, answer the additional questions that display.

11. Enter any **Notes for the Office of Contract Administration**.

12. Click **Add** to upload required subcontract documents.

13. Click **Continue** to go to the **End of Subcontract Worksheet page** (not shown).

14. Click **Finish** to return to the SUBK Workspace (not shown).

15. Recommendation: run **Hide/Show Errors** to validate the SUBK data entry before clicking Finish.
IV. Submitting the Subcontract Request

Only the UM Principal Investigator, the Primary Research Administrator, or the Primary Post-Award Administrator can submit a subcontract request.

⚠️ If you see this warning in the Subcontract Workspace, you cannot submit it to OCA:

⚠️ The parent PAF must be Active before this subcontract can be completed and routed to OCA.

Subcontract Workspace

1. Click Submit Subcontract Request.

Notes:
- If the parent PAF is not in the Active State, a yellow warning message will appear in the Subcontract Workspace.
- The system validates completion of required fields. Any error messages must be addressed before continuing.

⚠️ See Tips to learn about an alternative to execute subcontract Activities.

Submit Subcontract Request Window

2. (Optional) Enter Comments for the Office of Contract Administration (OCA).

3. Click OK.

Notes:
- This activity is logged in the Recent Activity list in the Subcontract Workspace.
- For non-PHS projects, the State of the SUBK changes to OCA Review.
- For projects that follow PHS FCOI Regulations, the State of the SUBK changes to SUBK PR Review.
Responding to Requested Changes

Once a SUBK request has been submitted, ORSP and/or OCA may request that the Project Team make changes. When this occurs:

- The Project Team receives a system email notification
- The SUBK displays in the Subcontracts with Required Action list in your Home Workspace
- The “request change” activity is logged under Recent Activity in the SUBK Workspace.
- The SUBK will be in the SUBK PT Making Changes State.

Subcontract Workspace

1. Read any comments for the “request change” activity in the Recent Activity log.
2. To make changes:
   - Click Edit SUBK Worksheet and make appropriate changes.
   - Click Project Team Submit Changes.
   To decline changes:
   - Click Project Team Decline Changes.
3. Enter Comments to ORSP or OCA in the field provided (not shown).
4. Click OK (not shown).

Subcontract Workflow by State

STATE | DESCRIPTION | EDITABLE?
--- | --- | ---
OCA Processing – Unit Review | PI & Unit have approved the draft subcontract agreement. OCA is completing any processing needed prior to sending the agreement to the subcontracting organization. | No
Subcontractor Processing | OCA has sent the approved draft subcontract agreement to the subcontracting organization for their review and approval. | No
OCA Finalizing | Draft subcontract agreement has been approved by the subcontracting organization and OCA is preparing to activate the SUBK. | No
Active | Subcontract has been approved by OCA. | No
Canceled | Subcontract has been canceled by Project Team or OCA. | No

Variations:

V. Uploading COI Documents for PHS Projects

If the subcontract is on a PAF whose sponsor follows PHS Financial Conflict of Interest (FCOI) Regulations, the Project Team must upload the subcontracting institution’s conflict of interest documents (e.g., FCOI reports) prior to submitting the SUBK. A subcontract request on a PHS project must first be approved by ORSP before it can be routed to OCA. Per UM business process, COI documents from the sub-recipient must be received by UM before OCA can establish the contract.

SUBK Workspace

1. Complete the procedures in sections I – III.
2. Click Manage SUBK Conflict of Interest Documents from the Manage Data menu in the SUBK Workspace.
3. Click Browse to select the file from your computer.
4. (Optional) Enter a Title in the field provided.
5. Select the applicable document Type from the drop-down list.
6. Click Attach.
7. Click OK to save and return to the SUBK Workspace (not shown).
8. Complete the procedure to submit the SUBK request (section IV).
VI. Requesting a SUBK on an Awarded Project or Active PAF

The following procedure applies only to Awarded Projects and PAFs submitted to sponsor prior to 8/13/2012.

Once a PAF has been submitted and/or awarded, the PAF Worksheet is no longer editable.

- To request a new SUBK be associated with an awarded project, complete the following procedure.
- To request a new SUBK be associated with a submitted PAF (not yet awarded), you must wait until the PAF is awarded and then complete the following procedure.

**Project Workspace > Subcontracts Tab**

1. Click the **Subcontracts** tab in the applicable Project Workspace.
2. Click **Add New Subcontract**.
3. Click **Select** and choose the **Subcontractor Organization**.
   
   **Note:** If the Subcontractor Organization is not in the list, type their name in the field provided.
4. Click **OK**.

**SUBK Worksheet**

The *Introduction* section of the SUBK Worksheet opens. Complete all required fields marked with an asterisk (*). After completing a section, click **Continue** to navigate to the next section. After completing the *End of Subcontract Worksheet* section, click **Finish**.

**Notes:**

- Refer to sections II and III for details on completing the SUBK Worksheet.
- If the SUBK is associated with a PHS project, refer to section V for instructions on uploading COI documents.
- After completing the SUBK Worksheet, refer to section IV for instructions on submitting the SUBK request.
VII. Requesting a SUBK Closeout

The Project Team uses the SUBK closeout activity to request closeout on a SUBK with a regularly scheduled end date.

⚠️ The SUBK closeout activity cannot be used to request an early termination. To request an early termination, you must request a SUBK amendment and choose the type “Early Termination of Subcontract.”

**SUBK Workspace**

1. Click the Request SUBK Closeout activity from the SUBK Workspace.

**Request SUBK Closeout Activity Window**

2. Click the checkbox to confirm the closing date.
3. (Optional) Enter **Comments** in the field provided.
4. Click **OK**.

**Notes:**

- The state of the SUBK changes to **SUBK Closeout – Unit Initiated**.
Tips

Using the Select button to search

The matching function uses a “begins with” condition. If a match is not found, click Select to expand your search by using a wildcard (%). A Select button is available for both the Name of Subcontract Organization and Project Grant fields.

- Select the field to search from the Filter by menu.
- Enter your search criteria with the percent symbol (%).
- Click the applicable radio button to select the desired value.
- Click OK.

If a match isn’t found by entering the name or through the Select function, enter the vendor name in the “If you are unable to find the organization...” text field.

Executing Activities in the Subcontracts Tab of the PAF Workspace

It is not necessary to open the Subcontract Workspace in order to execute Activities related to a subcontract (e.g., Submit Subcontract Request). Once a subcontract has been associated with a PAF, Activities can be accessed in the Subcontracts tab of the PAF Workspace by clicking the Execute Activity drop-down list. The available options will change depending on the State of the SUBK and your role(s) in eRPM.
Project Team Cancel SUBK (Pre-Award) on an Active PAF

The Project Team can cancel a SUBK when the PAF State is **Active** and the SUBK State is **Pre-Submission**. Once a SUBK is awarded, only the Office of Contract Administration can cancel a SUBK. The Project Team **Cancel Subcontract** Activity is available in two locations:

- The Activities menu in the SUBK Workspace
- The Execute Activity Widget in the Subcontracts tab of the PAF Workspace

Click **All SUBKs** in the menu bar to open a list of all Subcontracts.

SUBK Summary

Click **SUBK Summary** in the Subcontract Workspace to view a summary of the information entered on the Subcontract Worksheet. This can be useful for viewing information related to a subcontract without opening the Subcontract Worksheet and/or when it is in a non-editable State e.g., OCA Review or Active.
