NCRC Special Event Guidelines

INTRODUCTION
The North Campus Research Complex (NCRC) has space available for scheduling/renting by University and University-sponsored groups. These guidelines apply to the temporary use of facilities in the NCRC that are made available for meetings, activities and events. Guidelines are subject to change.

GENERAL GUIDELINES
1. Use of NCRC event facilities is open to all Schools, Departments, MSA-registered student groups and other U-M affiliations. Those requests not affiliated with U-M will be considered on a case-by-case basis. All event requests require approval by NCRC Facilities staff.

2. Anyone interested in hosting an event at the NCRC must fill out and submit an Event Request Form to NCRCEvents@umich.edu.

3. NCRC event facilities are reserved for professional and academic purposes. Therefore, no personal or private parties (i.e., weddings, bar mitzvahs), no student social events without U-M department sponsorship, and no external companies, organizations or vendor shows without U-M internal sponsorship and participation will be entertained. Use of the space is reserved for activities that support the NCRC mission, that are rooted in research, and are sponsored by occupants of NCRC, Medical School and Health System Departments. All events require a University department as a sponsor and they must attend the event.

4. A guest list must be provided to the NCRC Event Coordinator prior to the event.

5. All groups will abide with all published University and NCRC policies, regulations, guidelines and all local, state and federal laws. Violations of these procedures by any group may result in the loss of NCRC facility scheduling privileges.

6. Smoking is prohibited at the NCRC.

7. The NCRC is not responsible for any lost, stolen or damaged property belonging to event staff and/or guests.

FACILITY HOURS
1. Events may be schedule during the hours of 7 a.m.-6 p.m., Monday-Friday. Additional approval is required for afterhours and weekends.

2. Time is allotted before and after the event for set-up and clean-up.
NCRC SPACES & CAPACITY
All published room capacities are in accordance with State of Michigan Fire Codes and have been approved by the University Fire Marshal. An event will not be scheduled in a given space if the event’s proposed guest count would exceed fire code capacity limits. The University reserves the right to refuse further admittance to events once the approved room capacity has been reached.
