Strategic Offset Printing Program

Customer Tutorial
Important Changes

• Forms
  • We have eliminated several of the forms. There is only one print form and one mail form.
  • When completing the print form the system will ask if you want to enter mailing information for the project.
  • The mail form has been redesigned.

• Change Orders
  • Suppliers will now need to submit a “Change Order” for any charges outside of the original quote, if applicable.
  • Change Orders will need to be approved/disputed by an ePro Req User.
Important Changes

• **View Only Permissions**
  - You can now allow others to view your projects by giving them permission.
  - They are not allowed to make any changes or supplier selections. This is for viewing purposes only.

• **Selection of suppliers**
  - You will be able to select one, some, or all suppliers to include on your quote request.
Important Changes

• Audit compliance
  • To meet audit requirements the final approval will need to be made by an ePro Req User.
    • ePro Req Approver is identified as the person who can approve the payment of invoices or can place M-marketsite orders
    • If you are not an ePro Req User you will need to assign each project to the appropriate approver for your department.

• Changes to SOA reporting
  • These line items will no longer show up as SUB vouchers.
  • They will now show as PO vouchers with the supplier name.
SOPP Login Page

Log into the SOPP website at:
https://mbiz.bf.umich.edu/procurementapp/printingsvcs/offset_login.cfm

• Your old SOPP password will no longer be valid. You will now be required to use your Uniqname and Kerberos password in order to get to this page.
• To begin “Click Here to Start.”
Main Menu

This is the Main Menu. We will cover each link in more detail on the following slides.

Based on our information, you are not an authorized ePro Req user. You will be allowed to view the bids and make a recommendation but NOT allowed to make the final selection. You will be required to provide a unique name of a valid ePro Req user to approve the final selection.

This means you will need to assign your project to an ePro Req User for final approval.
Quote a New Print Project/ Retrieve Saved Quotes

Once you enter all of your contact information the system will remember you and you can easily populate your information from the drop down list on future orders.

To create a new quote using previous quote information, enter a previous quote number here and click the “Populate” button.

To retrieve a saved quote, click the drop down menu and select a quote number then click the “Retrieve” button.

Every time you place an order, retrieve a saved quote, or populate a quote with previous information, you will be required to enter a ShortCode(s), select a Quote Due Date and a Job Due Date.
All of these fields require information.

It is very important to include as many details as possible in order to receive quality quotes from the suppliers without many questions.

It is extremely beneficial to upload a PDF mock-up of your project if available (we will cover uploading files later).
The more details you can provide the better quality quotes you will receive.
Quote a New Print Project/ Retrieve Saved Quotes

**Warning:** The system will only send your quote information to the suppliers you select below.

**Specify Suppliers**

**Tips:**

You may select one, multiple, or all suppliers.

When selecting multiple suppliers, hold "Ctrl" and click on the suppliers you wish to include on the bid.

You can now select one, some, or all of the SOPP suppliers to quote on your project.

**General rules for selecting suppliers:**

- Projects under $5,000- select one or more suppliers to bid.
- Projects over $5,000 – require a minimum of 3 suppliers to bid.

You can submit your quote now or save it and add more data before submitting for quotes.
Link to Mail Form

This is the message you will receive after successfully submitting a print project. Please note the assigned quote number provided.

Your offset printing project has been saved as quote 100726. Please record this quote number for future reference.

To view the details of any of your projects go to the “Main Menu”. From there you are able to view bids, select winning supplier, start a new project or view bid history.

You will receive emails from ManagedOffsetPrinting@umich.edu when a supplier responds to your request. The following suppliers(s) have been notified of your request:

Arbor Press LLC (Dba ArborOakland Group) (John McKeighan 734-929-8625)
Allegra Print and Imaging (Kelly Parkinson 734-944-1404)

If you would like to upload pdf files for this newly created quote please click here.

If you would like to create a related mailing quote for this printing quote, you may click here to continue to the "Quote Mail Form"
