GALLOUPE IS GETTING GREENER!

WE’VE ALWAYS BEEN GREEN, BUT SOON WE’LL BE YOUR BEST RESOURCE FOR APPLYING PIPING RELATED PRODUCTS FOR LEED CREDITS, PRESERVING RESOURCES AND SUSTAINING THE ENVIRONMENT FOR FUTURE GENERATIONS.

Coming soon, you’ll find a complete Green/LEED section on our web site. It will provide:

• Products that will reduce the use of Water, Steam, Compressed Air, and Fuel
• Applications information to optimize the use of these products
• Products and Services that may qualify for LEED credits for both New Construction and Existing Buildings.
• Equipment for validating and measuring performance
• Services - Energy Audits and Training

www.galloup.com

I’m interested. How will I know when the Galloup - GREEN section is up and running?

• Go to www.galloup.com and register to the web site
• Give your business card to your account manager
• Send an e-mail to info@galloup.com asking to register.

EXCELLENT CUSTOMER SERVICE THROUGH CONTINUOUS IMPROVEMENT
